IT

Come i guerrieri dell'antico Giappone, abilissimi nel maneggiare la spada ricurva e fedeli al loro signore, offrivano protezione e servigi, così questa collezione dalle fluide linee e dalla morbida silhouette evoca un'immagine di rifugio avvolgente e confortevole.

Ogni pezzo è unico nella sua combinazione di leggerezza, raffinata eleganza, fascino senza tempo e rigore formale.

EN

Just as the warriors of ancient Japan, skilled in wielding the curved sword and loyal to their lord, offered protection and service, this collection with its fluid lines and soft silhouette evokes an image of enveloping and comfortable shelter.

Each piece is unique in its combination of lightness, refined elegance, timeless charm and formal rigour.

DE

So wie die Krieger des alten Japans, die im Umgang mit dem gebogenen Schwert geübt und ihrem Herrn treu ergeben waren, Schutz und Dienst boten, erinnert diese Kollektion mit ihren fließenden Linien und weichen Silhouetten an ein Bild der Umhüllung und des komfortablen Schutzes.

Jedes Stück ist einzigartig in seiner Kombination aus Leichtigkeit, raffinierter Eleganz, zeitlosem Charme und formaler Strenge.
